## Post Covid-19 strategy is delivering.

### Return to profitability in July.

- As countries swiftly implemented travel restrictions to contain Covid-19, the impact on WebBeds was severe
- Recognising domestic markets would be the first to open**, we took the strategic decision to **pivot our contracting and sales efforts to domestic travel**, diversifying our business model
- Additionally we undertook a series of **transformational initiatives** that are expected to deliver **20%+ cost efficiencies at scale**
- TTV significantly increasing as **domestic markets open up - WebBeds was profitable in July and August and will be profitable in September**
- We have **retained our global footprint, hotel supply relationships and global customer network** and are **ready for when intra-regional and international travel markets reopen**

WebBeds has been profitable since July

When markets normalise,  
WebBeds will have greater market share,  
lower costs and improved profitability

1) Pre-Covid-19 average based on 12 months ending 31 December 2019

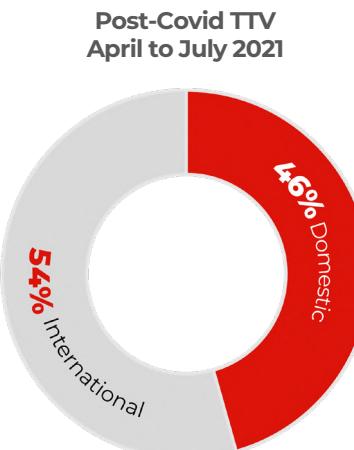

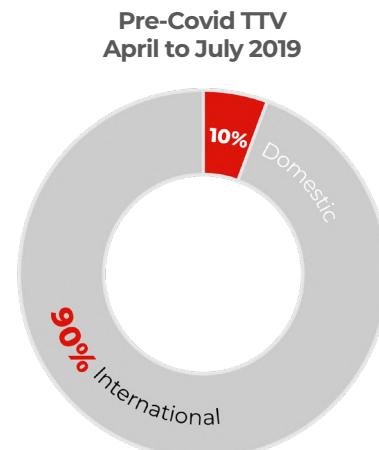

2) Estimate for August 2021 based on extrapolation of actuals up to and including 23 August 2021

Pivoted to focus on domestic travel while waiting for international markets to open.

## Increasing our domestic foothold.

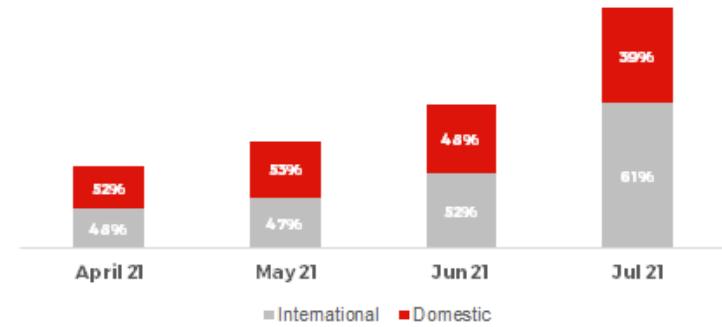

- Global travel volume has not yet returned to pre pandemic levels but **the volume that has returned is predominately domestic**
- **Domestic sales as % of total sales have grown significantly** – and as international volume starts to return, domestic sales continue to grow
- **Strategy to focus on domestic opportunities driving return to profitability** – August bookings are estimated to be 51% of pre-pandemic volumes (Aug-19)

Domestic sales as % total sales have grown significantly since Covid-19...

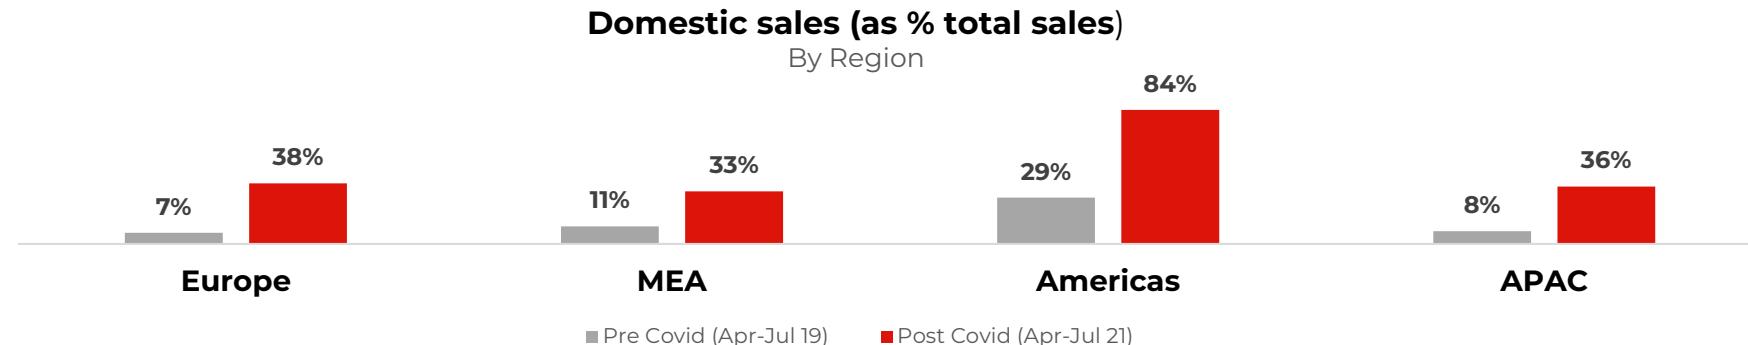

...and as international volume returns, domestic sales continue to grow

International vs Domestic sales – FY22 YTD

**Increasing  
domestic share  
in all regions.**

## Diversification of our business model.

### Europe

- Higher domestic share in the key markets Spain, Italy, the UK and France
- 75 new customers offering access to new business channels and segments
- Worked with supply partners to deliver more relevant rates and optimised existing 3rd party connections

### Middle East & Africa

- Higher domestic share in 5 key markets; Turkey, UAE, Egypt, Kuwait and Saudi
- 84 new customers; introduced local currency trading in Turkey and Egypt
- Contracted significant Dubai content serving both local and global markets

### Americas

- Onboarded new customers with primarily domestic focus, optimised existing partnerships and added local currency options for key markets
- Contracted new hotel product catering to domestic markets, with key focus on Florida, California, Texas, Nevada and Mexico

### Asia-Pacific

- New domestic-focused customers (i.e. China) and deepened existing customer relationships (adding Chinese product language content)
- Expanded direct contracting efforts in domestic secondary cities and connected 3rd party suppliers with significant domestic content

**When markets normalise WebBeds will have greater market share, lower costs and improved profitability.**

## Covid-19 provided opportunity to transform WebBeds.

### The competitive landscape has changed

- **Domestic leisure markets** have been the first to open up
- **B2C channels** like OTAs and Super Apps are utilising B2B content more effectively
- **Severe financial pressure** on smaller providers and the industry
- **Bedbanks are more relevant than ever** in the distribution landscape as they provide a single source of significant content for customers and valuable reach for hoteliers

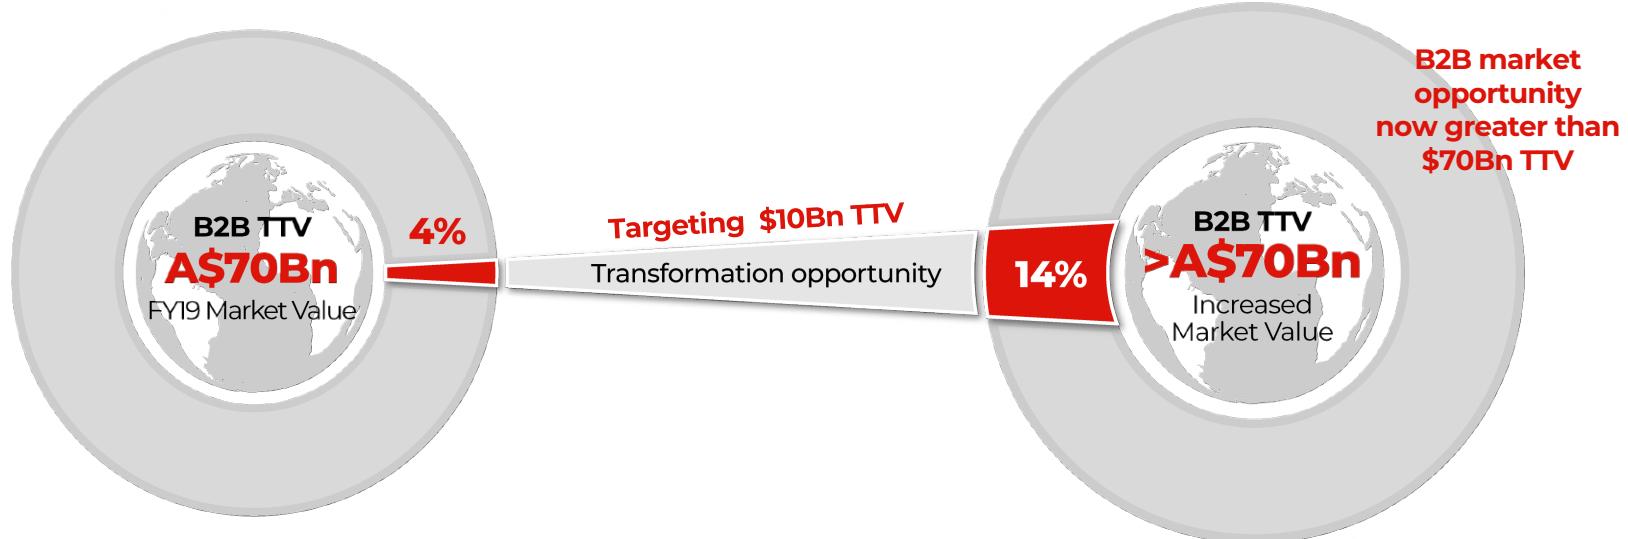

### Our opportunity has expanded

- **B2B market opportunity now more than \$70Bn in TTV** due to growth in B2C distribution opportunities
- **Opportunity to gain significant market share** through:
  - Expanded domestic offering targeting previously unserved markets
  - Retaining existing intra-regional and international offering
  - Enhanced technology offering
- Transformation initiatives to deliver **at least 20% greater cost efficiency** at scale
- Our **strong financial position** makes us a trusted partner for our hotel suppliers

# WebBeds

**Strategic objective:**  
To become  
the #1 global  
B2B provider.

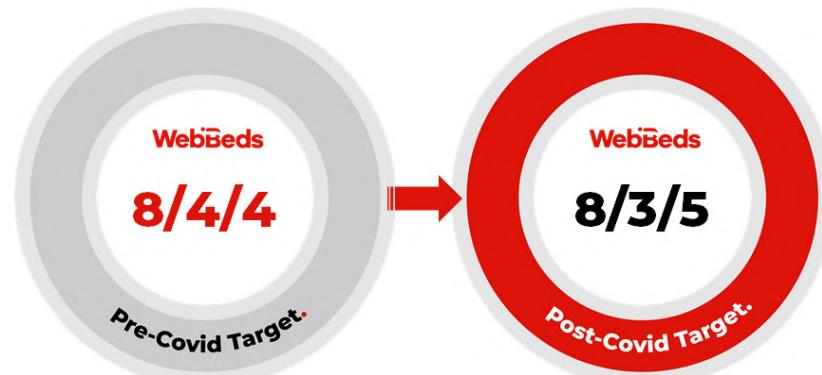

Initiatives will drive greater share of a larger market opportunity.

## COVID-driven transformational initiatives

- Diversifying into previously untapped markets
- Increasing North America market penetration
- B2C channel expansion
- Streamlined technology
- Leveraging data analytics
- Simplifying processes across the business
- On track to be 20% more cost efficient at scale

## Increased profitability target <sup>(1)</sup>

(1) 8/4/4 = at scale 8% revenue/TTV and 4% costs/TTV to drive 4% EBITDA/TTV  
8/3/5 = at scale 8% revenue/TTV and 3% costs/TTV to drive 5% EBITDA/TTV

## Organisational restructure to unlock potential.

## WebBeds - Organisational structure from May 2021.

- **Dedicated CEO** for the whole WebBeds business
- **Moving from 3 to 4 Commercial Regions** – Europe, Middle East & Africa (MEA), Asia-Pacific and now also Americas; each responsible for selling and contracting for their market and working more seamlessly across geographies
- **Umrah Holidays International (UHI)/Saudi Arabia** – focused on capturing key Saudi Arabian growth opportunities as borders reopen
- New **Global Product** group – bringing a unified approach to contracting with key supplier groups
- New **Process and Innovation Division** – includes Operations and a new Innovation Hub, bringing a structured approach to innovation and development across all areas of the business

**Uniquely placed  
to benefit from  
domestic led  
tourism industry.**

## Domestic border openings drive return to profitability.

- **#1 OTA** in Australia and New Zealand
- Predominantly serves the leisure market
- **Significant demand for leisure travel** - bookings spike as borders open
- Strong **international demand** expected once borders re-open
- **Structural shift to online** continues to accelerate
- **Brand strength** enables significant bookings growth with targeted marketing spend
- **Able to leverage our highly scalable cost base** – profitable as soon as key borders open

**Bookings spike as borders open**

**Domestic border openings drive return to profitability - profitable January through July; bookings since June impacted by border closures**

# Online Republic.

Global Marketplace

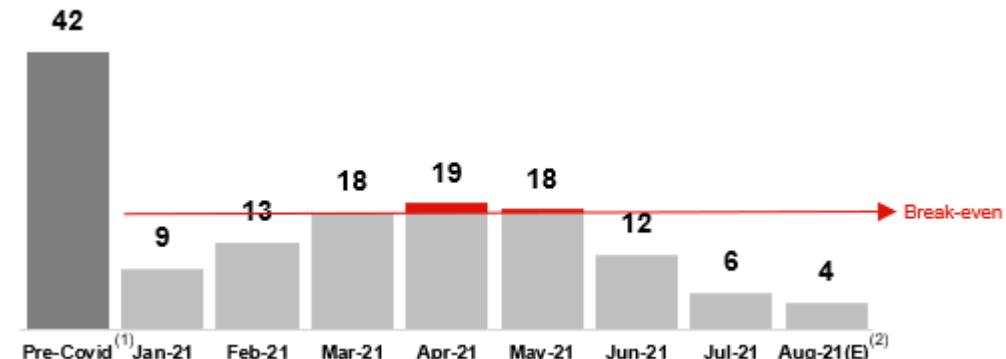

## Ready to benefit from domestic focused tourism around the world.

## Global domestic leisure exposure.

- **Significant exposure to leisure markets** – 100% of Motorhomes and more than 80% of Cars are booked for leisure purposes
- **Substantial Cars and Motorhome inventory** in key markets (Australia, New Zealand, US and Europe)
- **Product mix well suited for domestic markets** while international markets are closed
- **New CEO** appointed April 2021 with a focus on brand rejuvenation and global expansion
- **Profitable in April and May**; since June, bookings reflect increased cancellations due to State border and Trans-Tasman bubble closures

**Bookings reflect border closures**

**Group update**

# FY22 Outlook.

Demand for travel will return and we are ready to capture it.

## Webjet Limited will capitalise on travel recovery.

- Our geographic diversification has become a core strength as different regions recover at different times
- Our market opportunity has increased in all businesses – serving new market segments and benefiting from the structural shift to online
  - **WebBeds** - become the global #1 B2B provider
  - **Webjet OTA** - increase market share leadership
  - **Online Republic** - improve underlying performance
- Our cost base is on track to be 20% lower at scale
- We have significant cash reserves and runway

**Operating cash flow will be positive for 1H22, WebBeds profitable since July.**

## FY22 - Outlook.

---

### **Vaccine rollouts underway and directly correlated to travel recovery**

- USA and UK vaccine rollout programs are well advanced; North American and European markets starting to open up
- Accelerated vaccine rollouts underway in Australia/New Zealand; expected to have a positive impact in early CY22, although timing for removal of border restrictions still uncertain

### **As markets open, all businesses rebound quickly**

- **WebBeds** - profitable in July and August and will be profitable in September; significant upside as more markets open
- **Webjet OTA** - profitable April to July (highest trading volume day on record in April); bookings since June impacted by lockdowns but will be profitable as soon as domestic Australia reopens
- **Online Republic** - profitable in April and May; bookings since June impacted by lockdowns; expected to return to profitability as Australia and New Zealand reopen

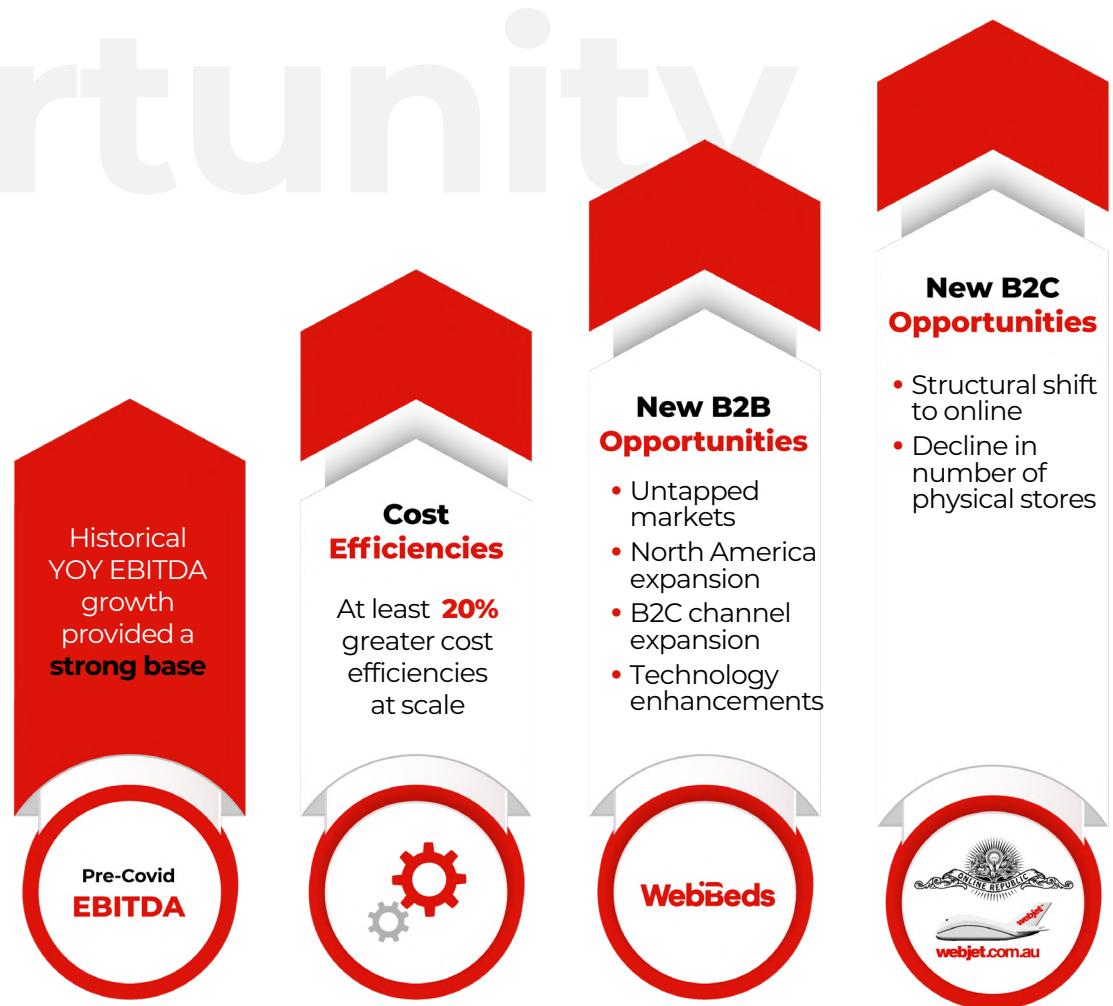

### **Company will generate positive operating cash for 1H22**

- WebBeds TTV growth delivering positive working capital

We see  
a world of  
opportunity.

# Beyond FY22...

**Webjet Limited**  
is ideally positioned  
as global travel markets  
re-open. As a result,  
we believe we will be  
substantially bigger  
and more profitable once  
we are back at scale.
