8 June 2016

Dear Shareholder

On behalf of Webjet Limited (**Webjet**), I am pleased to invite you to participate in the recently announced 1 for 6.25 pro rata accelerated non-renounceable entitlement offer for new Webjet ordinary shares (**New Shares**) at an issue price of \$5.60 per New Share (**Entitlement Offer**).

On 6 June 2016, Webjet announced its intention to raise approximately \$72 million through an Entitlement Offer. The institutional accelerated component of the Entitlement Offer (**Institutional Entitlement Offer**) was successfully completed on 7 June 2016. This information booklet (**Retail Offer Booklet**) relates to the non-accelerated component of the Entitlement Offer (**Retail Entitlement Offer**).

The net proceeds of the Entitlement Offer will be applied principally to the acquisition of the Online Republic group of companies (**Acquisition**) and the residual net proceeds for other growth opportunities. More detail is provided in Webjet's Investor Presentation lodged with the Australian Securities Exchange (**ASX**) on 6 June 2016 (and included in this Retail Offer Booklet). The benefits that are expected to flow from the Acquisition for Webjet are also described in that document.

Under the Retail Entitlement Offer, eligible retail shareholders in Australia and New Zealand have the opportunity to subscribe for 1 New Share for every 6.25 ordinary shares in Webjet held at 7.00pm (AEST) on 8 June 2016 (**Entitlement**) at the price of \$5.60 per New Share, which is the same price as the institutional investors who participated in the Institutional Entitlement Offer (and as set out in your personalised Entitlement and Acceptance Form that is enclosed with this Retail Offer Booklet).

If you take up your Entitlement in full, you can also apply for additional shares in excess of your Entitlement up to a maximum of 100% of your Entitlement under a 'top-up' facility (refer to section 1 of this Retail Offer Booklet for more information).

The issue price of \$5.60 per New Share represents an approximately 11.25% discount to the closing price of Webjet shares traded on ASX on Friday, 3 June 2016 (being \$6.31), the business day before the Entitlement Offer was announced (on Monday, 6 June 2016).

The Entitlement Offer is fully underwritten by UBS AG, Australia Branch and Credit Suisse (Australia) Limited (**Underwriters**).

The Entitlement Offer is non-renounceable and the Entitlements will not be tradeable on the ASX or otherwise transferable. Shareholders who do not take up their Entitlement in full will not

For personal use only

receive any value in respect of those Entitlements they do not take up. I encourage you to consider this offer carefully.

Other Information

This Retail Offer Booklet contains important information, including:

- The Investor Presentation referred to above, which was released to the ASX on 6 June 2016, and provides information on Webjet, including a trading update and information relating to the Acquisition;
- instructions on how to apply, detailing how to participate in the Retail Entitlement Offer if you choose to do so, and a timetable of key dates; and
- instructions on how to take up all or part of your Entitlement.

A personalised Entitlement and Acceptance Form which details your Entitlement, to be completed in accordance with the instructions contained therein, accompanies this Retail Offer Booklet.

The Retail Entitlement Offer closes at 5.00pm (AEST) on Friday, 24 June 2016.

Please read in full the details on how to submit your application, which are set out in this Retail Offer Booklet.

You should also consult your stockbroker, solicitor, accountant or other professional adviser to evaluate whether or not to participate in the Retail Entitlement Offer.

On behalf of the Board of Webjet, I encourage you to consider this investment opportunity and thank you for your ongoing support.

Yours sincerely

David Clarke
Chairman

For personal use only

1. THE RETAIL ENTITLEMENT OFFER

Eligible Retail Shareholders (as defined in Important Information (see Section 3 below)) are being offered the opportunity to subscribe for 1 New Share for every 6.25 ordinary shares in Webjet held at 7.00pm (AEST) on 8 June 2016 (**Entitlement**), at the issue price of \$5.60 per New Share.

Eligible Retail Shareholders may also apply for New Shares in excess of their Entitlement up to a maximum of 100% of their Entitlement (**Additional New Shares**). Please note that New Shares in excess of Entitlements will only be allocated to an Eligible Retail Shareholder if, and to the extent that, the number of Additional New Shares applied for does not exceed 100% of that shareholder's Entitlement and is otherwise subject to Webjet's absolute discretion having regard to the circumstances at the time of the close of the Retail Entitlement Offer (**Allocation Principles**). Any New Shares in excess of Entitlements will be limited to the extent that there are sufficient New Shares from Eligible Retail Shareholders who do not take up their full Entitlements. Subject to the foregoing, Webjet may apply any scale-back (in its absolute discretion).

The Company has applied for the grant by ASX of official quotation of the New Shares.

The Retail Entitlement Offer is being made pursuant to provisions of the Corporations Act which allow certain rights issues to be made without a prospectus. As a result, it is important for Eligible Retail Shareholders to read and understand the information on Webjet and the Retail Entitlement Offer made publicly available, prior to accepting all or part of their Entitlement or applying for Additional New Shares. In particular, please refer to this Retail Offer Booklet, Webjet's other periodic and continuous disclosure announcements to the ASX available at www.asx.com.au.

Your Entitlement is set out on the accompanying personalised Entitlement and Acceptance Form and has been calculated as 1 New Share for every 6.25 Existing Shares you held as at the record date of 7.00pm (AEST) on 8 June 2016 (**Record Date**) rounded up to the nearest whole New Share. If you have more than one holding of Existing Shares, you will be sent more than one personalised Entitlement and Acceptance Form and you will have separate Entitlements for each separate holding. New Shares issued pursuant to the Retail Entitlement Offer will be fully paid and rank equally with existing Webjet ordinary shares on issue.

Note: the Entitlement stated on your personalised Entitlement and Acceptance Form may be in excess of the actual Entitlement you may be permitted to take up where, for example, you are holding Existing Shares on behalf of a person in the United States.

Nominees and custodians

The Retail Entitlement Offer is being made to all shareholders on the share register of Webjet at 7:00pm (AEST) on 8 June 2016 with an address in Australia or New Zealand and who did not participate in the Institutional Entitlement Offer that are not in the United States and are not acting for the account or benefit of a person in the United States. Webjet is not required to determine whether or not any registered holder is acting as a nominee or custodian or the identity or residence of any beneficial owners of Existing Shares. Where any holder is acting as a nominee or custodian for a foreign person, that holder, in dealing with its beneficiary, will need to assess whether indirect participation by the beneficiary in the Retail Entitlement Offer is compatible with applicable foreign laws. Any person in the United States or any person that is or is acting for the account or benefit of a person in the United States with a holding through a nominee or custodian may not participate in the Retail Entitlement Offer and the nominee or custodian must not take up any Entitlement or send any materials into the United States. Webjet is not able to advise on foreign laws.

2. HOW TO APPLY

If you wish to take up all or part of your entitlement, or you wish to apply for Additional New Shares, you can do either of the following:

For personal use only

Payment by BPAY®

If you wish to pay by BPAY®, please follow the instructions on your personalised Entitlement and Acceptance Form. You can only make a payment via BPAY® if you are the holder of an account with an Australian financial institution that supports BPAY® transactions.

Please note that should you choose to pay by BPAY®:

- You do not need to submit the personalised Entitlement and Acceptance Form but are taken to have made the declarations on that Entitlement and Acceptance Form;
- If you do not pay for your full Entitlement, you are deemed to have taken up your Entitlement in respect of such whole number of New Shares which is covered in full by your application monies; and
- If you do pay for more than your full Entitlement, you are deemed to have applied for as many Additional New Shares as your excess amount will pay for in full (subject to a maximum of 100% of your Entitlement and any scale-back determined by Webjet in its absolute discretion).

It is your responsibility to ensure that your BPAY® payment is received by the Share Registry by no later than **5.00pm (AEST) on Friday, 24 June 2016**. You should be aware that your financial institution may implement earlier cut-off times with regards to electronic payment and you should therefore take this into consideration when making payment.

If you are paying by BPAY®, please make sure to use the specific Biller Code and unique Customer Reference Number on the back of your personalised Entitlement and Acceptance Form. If you receive more than one personalised Entitlement and Acceptance Form, please only use the Customer Reference Number specific to the Entitlement on that form. If you inadvertently use the same Customer Reference Number for more than one of your Entitlements, you will be deemed to have applied only for New Shares (and Additional New Shares) on the Entitlement to which that Customer Reference Number applies.

Payment by cheque, bank draft or money order

If you wish to pay by cheque, bank draft or money order, you should complete your personalised Entitlement and Acceptance Form in accordance with the instructions on the Form and return it accompanied by a cheque, bank draft or money order in Australian currency for the amount of the application monies, payable to "Webjet Limited" and crossed "Not Negotiable".

Your cheque, bank draft or money order must be:

- for an amount equal to \$5.60 multiplied by the number of New Shares (and if applicable, Additional New Shares) that you are applying for; and
- in Australian currency drawn on an Australian branch of a financial institution.

Cash payments will not be accepted. Receipts for payment will not be issued.

Shareholders who make payment via cheque, bank draft or money order should mail their completed personalised Entitlement and Acceptance Form together with application monies using the reply paid or self-addressed envelope provided with this Retail Offer Booklet to:

Webjet Limited
C/- Computershare Investor Services Pty Limited
GPO Box 2987
Adelaide SA 5001
Australia

To participate in the Retail Entitlement Offer, your payment and validly completed Entitlement and Acceptance Form must be received by Computershare Investor Services Pty Limited by 5.00pm (AEST) on Friday, 24 June 2016.

You should ensure that sufficient funds are held in relevant account(s) to cover the application monies as your cheque will be processed on the day of receipt. If the amount of your cheque for application monies (or the amount for which the cheque clears in time for allocation) is insufficient to pay in full for the number of New Shares (and if applicable, Additional New Shares) you have applied for in your personalised Entitlement and Acceptance Form, you will be taken to have applied for such lower number of whole New Shares (and if applicable, Additional New Shares) as your cleared application monies will pay for (and to have specified that number of New Shares on your personalised Entitlement and Acceptance Form). Alternatively, your application will not be accepted.

Representations, allotment and refunds

If you take no action, you will not be allocated New Shares and your Entitlement will lapse. Your Entitlement to participate in the Retail Entitlement Offer is non-renounceable and will not be tradeable or otherwise transferable. Shareholders who do not take up their Entitlements in full will not receive any payment or value for those Entitlements they do not take up.

By completing and returning your personalised Entitlement and Acceptance Form with application monies or making a payment by BPAY®, you will be deemed to have represented:

(a) that you are an Eligible Retail Shareholder (as defined in Important Information (see Section 3 below));

(b) on your behalf and on behalf of each person on whose account or benefit you are acting that: (i) you are not in the United States and are not acting for the account or benefit of a person in the United States; (ii) you understand and acknowledge that neither the Entitlements nor the New Shares (and any Additional New Shares) have been, or will be, registered under the Securities Act or the securities laws of any state or other jurisdiction in the United States, or in any other jurisdiction outside Australia or New Zealand and accordingly, the Entitlements may not be offered or taken up by, and the New Shares (and any New Additional Shares) may not be offered, sold or otherwise transferred except in accordance with an available exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and any other applicable securities laws; (iii) you understand and acknowledge that the Entitlements and the New Shares (and Additional New Shares) may only be offered, sold and resold outside the United States in "offshore transactions" (as defined in Rule 902(h) under the Securities Act) in reliance on Regulation S under the Securities Act; (iv) you are taking up your Entitlement and purchasing New Shares (and Additional New Shares) outside the United States in "offshore transactions" (as defined in Rule 902(h) under the Securities Act) in reliance on Regulation S under the Securities Act; (v) you acknowledge that if you decide to sell or otherwise transfer the New Shares (and Additional New Shares) you will only do so in standard (regular way) brokered transactions on the ASX where neither you nor any person acting on your behalf knows, or has reason to know, that the sale has been pre-arranged with, or that the purchaser is, a person in the United States; and (vi) you have not and will not send any materials relating to the Retail Entitlement Offer to any person in the United States; and

(c) acknowledge that, if you are acting as a nominee or custodian, each beneficial holder on whose behalf you are submitting an Entitlement and Acceptance Form is not in the United States and is not acting for the account or benefit of any person in the United States.

If you take up and pay for all or part of your Entitlement before the close of the Retail Entitlement Offer at 5.00pm (AEST) on 24 June 2016, you will be allotted your New Shares on 1 July 2016. If you apply for Additional New Shares then, subject to the application of the Allocation Principles, your application for Additional New Shares (in whole or part) will be issued on 1 July 2016. Webjet's decision on the number of Additional New Shares to be allocated to you in accordance with the Allocation Principles will be final and binding. Webjet also reserves the right (in its absolute discretion) to reduce the number of New Shares (and if applicable,

Additional New Shares) allocated to Eligible Retail Shareholders, or persons claiming to be Eligible Retail Shareholders, if their claims prove to be overstated or otherwise incorrect or if they fail to provide information to substantiate their claims.

Cash payments will not be accepted. Receipts for payment will not be issued.

Any application monies received for more than your final allocation of New Shares and Additional New Shares will be refunded to you as soon as practicable. No interest will be paid to applicants on any application monies received or refunded.

Applicants with queries on how to complete the Entitlement and Acceptance Form should contact Computershare Investor Services Pty Limited as Share Registry on 1300 556 161 (within Australia) or +61 3 9415 4000 (outside Australia).

The Retail Offer Booklet has been prepared in accordance with section 708AA of the Corporations Act (as notionally modified by ASIC Legislative Instrument 2016/84). In general terms, section 708AA permits certain companies to undertake pro-rata rights issues without being required to use or provide shareholders a prospectus or other disclosure document. Accordingly, the level of disclosure in this booklet is significantly less than the level of disclosure required in a prospectus. Eligible Retail Shareholders should rely on their knowledge of the Company, refer to disclosures made by the Company to ASX and consult their professional advisers before deciding to apply under the Retail Entitlement Offer.

The Retail Offer Booklet is also not financial product advice or investment advice nor a recommendation to acquire New Shares (and Additional New Shares). APPENDIX C

KEY RISKS AND SELLING RESTRICTIONS

NOT FOR RELEASE OR DISTRIBUTION IN THE UNITED STATES

Key risks

1. Operational risks

This section discusses some of the risks associated with an investment in Webjet. Webjet's business is subject to a number of risk factors both specific to its business and of a general nature which may impact on its future performance and forecasts. Before subscribing for Webjet shares, prospective investors should carefully consider and evaluate Webjet and its business and whether the shares are suitable to acquire having regard to their own investment objectives and financial circumstances and taking into consideration the material risk factors, as set out below. The risk factors set out below are not exhaustive. Prospective investors should consider publicly available information on Webjet, examine the full content of this presentation and consult their financial or other advisers before making an investment decision.

Competition

Given Webjet operates in a predominately online environment, it is facing significantly increased competition from existing and/or new sites and business models and the introduction of further new mobile booking apps is considered to be a risk to Webjet's market share. The fast release nature of new online technologies and development of apps could impact Webjet. If Webjet's competitors or potential competitors become more effective, or if new competitors enter the market and Webjet is unable to appropriately respond to or counter these actions, the Company's financial performance or operating margins could be adversely affected.

Competition has also grown through internet based travel providers and metasearch businesses. In the B2B space, there could be increased competition from OTAs. This competition may adversely impact the Company's financial performance and its ability to execute its growth strategy. If the actions of competitors or potential competitors become more effective, or if new competitors enter the market and Webjet is unable to counter these actions, the Company's financial performance or operating margins could be adversely affected or Webjet may be unable to compete successfully.

Market risk

Webjet is exposed to changes in consumer sentiment towards Webjet itself, travel in general and across key markets. Consequently, a failure by Webjet to predict or respond to any such changes could adversely impact Webjet's future financial performance.

Technology risk

Webjet relies heavily on information technology systems. Key systems are operated under licences and the Company's costs may increase. Licences may be terminated or not renewed. The suppliers may be subject to events, such as insolvency or technical failures, leading to temporary or permanent loss of services and systems.

Webjet makes a significant time and cost investment in its information technology and sales systems to deliver cost savings in its processes and operations to achieve increases in efficiencies. The information systems are not proprietary systems. Should these IT systems not be further developed and implemented or upgraded by suppliers when anticipated, it may negatively impact the Company's performance potential and competitive position.

An interruption, loss of or delay of the Company's internet or communication facilities or transaction processing facilities, loss or corruption of data, failure of backup and restoration procedures (including as a result of a cyber attack, malicious damage to Webjet's IT systems or fraudulent use of Webjet's data or information or breach of privacy of consumer data) or failure of back up and disaster recovery systems and plans may impact the Company's short term financial position and may have a longer term impact on client and supplier satisfaction.

In addition, any pricing ticketing errors may result in Webjet making additional payments to suppliers under Webjet's seat price guarantee.

People risk

If not managed effectively, Webjet's ability to attract and retain key talent in its management and operational staff could have a negative effect on its reputation and performance.

Key risks (cont'd)

1. Operational risks (cont'd)

Online booking market

Webjet and Online Republic are exposed to the significant influence of Google in both search results and as a key element in the online marketing space. Notwithstanding Webjet and Online Republic's significant brand awareness and depth of product, they continue to bid aggressively for key search terms in Google in order to defend their current positions. Changes to any element in the online booking market, including changes imposed by Google, may cause Webjet and/or Online Republic's marketing costs to materially increase, which could adversely impact financial performance and position.

Foreign exchange risk

A shift in the value of the Australia dollar, particularly against the US dollar, can impact domestic consumer spending and in turn, impact the domestic and international travel markets. Despite Webjet's strong position in online flights and accommodation, Webjet is unable to accurately predict the lead-in time or flow-on effect of any movement in the Australian dollar and impact on consumer spending.

As such, fluctuations in a number of exchange rates, including the Australian dollar / US dollar exchange rate, may adversely have a negative effect upon the financial performance and position of Webjet.

Security

As with all e-commerce businesses, Webjet is heavily reliant on the security of its websites and associated payment systems to ensure that customers are confident of transactions online. Breaches of security could impact customer satisfaction and confidence in Webjet and could impact the financial performance of Webjet and/or its share price.

Maintenance of professional reputation and brand name

The success of Webjet is heavily reliant on its reputation and branding. Unforeseen issues or events which place Webjet's reputation at risk may impact on its future growth and profitability, its ability to compete successfully and result in adverse effects on its future business plans.

Supplier relationships

A key element of Webjet's business model is the strength of the relationships it has established with its suppliers. The retention of these existing suppliers and the sourcing of new suppliers is a key factor that underpins Webjet's business model. The flight-centric nature of the B2C businesses makes the relationships with key airlines of particular importance. In addition, a key selling point for consumers is Webjet's ability to provide consumers with tickets for all major airlines on its search and booking engine. Loss of any major airline as a supplier may significantly diminish the attractiveness of Webjet's search and booking engine to consumers and thereby reduce Webjet's sales.

In many cases, Webjet's suppliers (including airlines and hotels) are also direct competitors to Webjet's business. These suppliers may develop ways to direct consumer traffic to their websites and other sales points. A change in the relationship with Webjet's suppliers may adversely impact on the financial performance and position of Webjet.

Any change in commission rates payable could significantly impact margins. The quantum, compositions and proportion of commissions and incentives from airlines, hotel providers and other suppliers may change over time, impacting Webjet's business model and profitability, if it is unable to adapt.

Diminution of customer satisfaction and loyalty

The business of Webjet is a customer service business and is therefore dependent on customer satisfaction and loyalty. Any diminution in customer sentiment towards Webjet may have an adverse impact on the financial performance and position of Webjet.

Key risks (cont'd)

1. Operational risks (cont'd)

Hostilities, terrorism and other external events

Webjet may be adversely impacted by international hostilities or war, acts of terrorism, epidemics or outbreaks of disease, political or social instability, natural disasters and weather effects. These events may impact upon travel to specific locations or be of generalised effect. These events may also impact airline, accommodation and other travel sales, which may have an adverse impact on Webjet's operating and financial performance and more immediate impact upon its share price.

Government policies and regulation

Unfavourable changes to government regulation or legislation, regulatory requirements or policies/procedures including relating to consumer credit laws, the registration, operations and licensing of travel agents, consumer financing, banking policy in relation to credit cards, regulation of trade practices, competition, general consumer laws and taxation may adversely affect Webjet's business model and profitability. Webjet is also subject to the regulatory requirements of the Corporations Act, the ASX Listing Rules, ASIC and the Australian Competition and Consumer Commission and Reserve Bank of Australia policies. Changes to any such legislation, rules and regulatory requirements, or to other policies and procedures of government or other regulatory authorities, may affect Webjet, its business operations and/or financial performance or have other unforeseen implications.

Intellectual property

Webjet's ability to leverage its innovation and expertise depends upon its ability to protect its intellectual property and any improvements to it. Intellectual property that is important to Webjet includes, but is not limited to, trade marks, domain names, its website, business names and logos. Such intellectual property may not be capable of being legally protected. It may be the subject of unauthorised disclosure or unlawfully infringed, or Webjet may incur substantial costs in asserting or defending its intellectual property rights.

Tourism industry

Webjet's operating and financial performance is dependent on the health of the tourism industry generally. A decline in the domestic and international tourism industry, whether as a result of a particular event (such as a terrorist attack, outbreak of disease or a natural disaster, such as earthquakes and volcanic ash clouds) or economic conditions (such as a decrease in consumer and business demand), would have a material adverse effect on Webjet's operating and financial performance.

2. Acquisition risks

Funding risk

The acquisition is being funded by a fully underwritten pro-rata accelerated non-renounceable entitlement offer of new shares in Webjet. The Underwriting Agreement is subject to customary termination events and if the Underwriting Agreement was to be terminated in accordance with these terms there is a risk that Webjet may not raise sufficient funds from the capital raising to complete the acquisition. If this occurs Webjet will consider other funding options or may otherwise be in breach of the relevant agreements. Webjet may seek to obtain funding by issuing additional shares or borrowing money. Any additional equity financing may be dilutive to shareholders and any debt financing, if available, may involve restrictive covenants, which may limit Webjet's operations and business strategy.

Analysis of acquisition opportunities

Webjet has undertaken financial, business and other analysis on Online Republic Group in order to determine its attractiveness to Webjet and whether to acquire it. It is possible that despite such analysis and the best estimate assumptions made by Webjet, the conclusions drawn are inaccurate or are not realised. To the extent that the actual results achieved by the product acquisitions are different than those indicated by Webjet's analysis, there is a risk that the profitability and future earnings of the operations of Webjet may be materially different from the profitability and earnings expected as reflected in this presentation.

Key risks (cont'd)

2. Acquisition risks (cont'd)

Reliance on information provided

Webjet has prepared (and made assumptions in the preparation of) the financial information relating to acquisition of Online Republic Group included in this presentation in reliance on financial information and other information provided by Online Republic Group. If any of the data or information relied upon by Webjet in its due diligence process and its preparation of this presentation proves to be incomplete, incorrect, inaccurate or misleading, there is a risk that the actual financial position and performance of Webjet may be materially different to the financial position and performance expected by Webjet. Investors should also note that there is no assurance that the due diligence conducted was conclusive and that all material issues and risks in respect of the acquisition have been identified. Therefore, there is a risk that unforeseen issues and risks may arise, which may also have a material impact on Webjet.

Integration risk

The acquisition involves the integration of the Online Republic's business, which has previously operated independently to Webjet. As a result, there is a risk that the integration of Online Republic's may be more complex than currently anticipated, encounters unexpected challenges or issues (including maintaining the current culture and entrepreneurialism of the Online Republic business) and takes longer than expected, diverts management attention or does not deliver the expected benefits and this may affect Webjet's operating and financial performance.

Acquired liabilities

Webjet may become directly or indirectly liable for future liabilities that have been incurred in the past which were not identified during its due diligence or which are greater than expected, and for which the representation, warranties and indemnities negotiated by Webjet in its agreement to acquire Online Republic turn out to be inadequate in the circumstances. Such liability may adversely affect the financial performance or position of Webjet post acquisition.

3. General risks

Share price fluctuations

As with any entity with ordinary shares listed on the ASX, the market price of Webjet shares will fluctuate due to various factors, many of which are non-specific to Webjet, including recommendations by brokers and analysts, Australia and international general economic conditions, inflation rates, interest rates, changes in government, fiscal, monetary and regulatory policies, global geo-political events and hostilities and acts of terrorism, and investor perceptions. Fluctuations such as these may adversely affect the market price of Webjet.

Economic Risks

Webjet is exposed to economic factors in the ordinary course of business. Factors such as changes in fiscal, monetary and regulatory policies can adversely impact Webjet's earnings.

Businesses such as Webjet that borrow money are potentially exposed to adverse interest rate movements that may affect the cost of borrowing, which in turn would impact on earnings and increase the financial risk inherent in those businesses.

Taxation

Future changes in Australian taxation laws, including changes in interpretation or application of the law by the courts or taxation authorities in Australia or other jurisdictions in which Webjet operates, may affect taxation treatment of an investment in Webjet shares, or the holding and disposal of those shares. Further, changes in tax law, or changes in the way tax law is expected to be interpreted, in the various jurisdictions in which Webjet operates, may impact the future tax liabilities of Webjet.

Change in accounting policy

Webjet is subject to the usual business risk that there may be changes in accounting policies which impact Webjet.

Dividends

The payment of any future dividends will be at the discretion of the Board and will depend, amongst other things, on the performance and financial circumstances of the Company at the relevant time. There can be no guarantee as to the likelihood, timing, franking or quantum of future dividends from Webjet.

WEBJET SUCCESSFULLY COMPLETES INSTITUTIONAL ENTITLEMENT OFFER

Webjet today announced the successful completion of the institutional component of its fully underwritten 1 for 6.25 accelerated non-renounceable entitlement offer ("**Entitlement Offer**").

The institutional component of the Entitlement Offer ("**Institutional Entitlement Offer**") raised approximately \$42 million from the subscriptions for new fully paid ordinary shares in Webjet ("**New Shares**") at a price of \$5.60 per New Share ("**Offer Price**"). The Institutional Entitlement Offer had very strong support from institutional shareholders with a take-up rate of eligible institutional shareholders of 98%. There was also a very high level of demand for the small amount of shortfall stock from new and existing investors.

Commenting on the outcome of the Institutional Entitlement Offer, Webjet's Chairman, David Clarke, said: *"We are delighted with the exceptionally strong institutional take up of our non-renounceable rights issue for the acquisition of Online Republic. We are pleased to note that our institutional investors have shared our vision of the unique and compelling opportunity that Online Republic provides for the extension and enhancement of our consumer offering. Combined with the continuation of Online Republic management who have built an extremely successful business, and Webjet's demonstrated and highly successful marketing and commercial disciplines, we expect the combination to result in both an increase in market footprints and critically, enhanced consumer values."*

New Shares subscribed for under the Institutional Entitlement Offer (including as part of the institutional shortfall bookbuild) are expected to be issued on Thursday, 16 June and commence trading on the ASX on the same day.

Retail Entitlement Offer

The retail component of the Entitlement Offer ("**Retail Entitlement Offer**") will be open on Tuesday, 14 June 2016 and close at 5.00pm on Friday, 24 June 2016.

NOT FOR DISTRIBUTION OR RELEASE IN THE UNITED STATES

Eligible retail shareholders with a registered address in Australia or New Zealand will be able to subscribe for 1 New Share for every 6.25 fully paid ordinary shares held in Webjet as at 7.00pm (AEST) on the record date of Wednesday, 8 June 2016, at the same offer price of \$5.60 per New Share as the Institutional Entitlement Offer.

Eligible retail shareholders will be allotted New Shares on Friday, 1 July 2016. New Shares issued as part of the Retail Entitlement Offer are expected to commence trading on the ASX on Monday, 4 July 2016.

Eligible retail shareholders are encouraged to carefully read the Retail Offer Booklet for further details relating to the Retail Entitlement Offer. Webjet expects to dispatch the Retail Offer Booklet and personalised entitlement and acceptance forms to eligible retail shareholders no later than Tuesday, 14 June 2016. The Retail Offer Booklet will be made available on Webjet's website (www.webjet.com.au).

Webjet expects its trading halt to be lifted and its ordinary shares to recommence trading on an ex-entitlement basis from market open today.

8 June 2016

Dear shareholder

Non-renounceable Entitlement Offer - Notification to ineligible shareholders

On 6 June 2016, Webjet Limited ACN 002 013 612 (**Company** or **Webjet**) announced that it was conducting a 1 for 6.25 accelerated non-renounceable pro rata entitlement offer of fully paid ordinary shares to existing shareholders to raise up to approximately A\$72 million, at an issue price of A\$5.60 per share (**Entitlement Offer**). The Entitlement Offer is fully underwritten by UBS AG, Australia Branch and Credit Suisse (Australia) Limited.

The net proceeds of the Entitlement Offer will be applied principally to the acquisition of the Online Republic group of companies (**Acquisition**) and the residual net proceeds for other growth opportunities. More detail is provided in Webjet's Investor Presentation lodged with the Australian Securities Exchange (**ASX**) on 6 June 2016.

The Entitlement Offer consists of an institutional and a retail component (**Institutional Entitlement Offer** and **Retail Entitlement Offer** respectively). The Institutional Entitlement Offer was underwritten and raised approximately A\$42 million and the Retail Entitlement Offer which is also underwritten will raise approximately A\$30 million.

The Retail Entitlement Offer is only available to Eligible Shareholders (as defined below). **Eligible Shareholders** are those persons who:

- are registered as holders of existing shares as at 7.00pm (AEST) on 8 June 2016;
- have a registered addresses on the Webjet share register in Australia or New Zealand at that date;
- are not in the United States and are not acting for the account or benefit of a person in the United States;
- were not invited to participate (other than as nominee, in respect of other underlying holdings) under the Institutional Entitlement Offer, and were not treated as ineligible institutional shareholders under the Institutional Entitlement Offer; and
- are eligible under all applicable securities laws to receive an offer under the Retail Entitlement Offer.

For personal use only

As you do not satisfy the criteria above, you are not an Eligible Shareholder for the purposes of the Retail Entitlement Offer. Webjet considers it generally unreasonable on this occasion to extend the Entitlement Offer to shareholders with a registered address outside of Australia or New Zealand having regard to the small number of those shareholders and the costs of complying with legal and regulatory requirements in each of those jurisdictions. Accordingly, the Company is unfortunately unable to extend to you the opportunity to participate in the Retail Entitlement Offer. Under the terms of the Retail Entitlement Offer, you are not eligible to apply for new shares and you will not be sent a copy of the offer materials relating to the Retail Entitlement Offer.

You are not required to do anything in response to this letter. This letter is to inform you about the Retail Entitlement Offer and is not an offer to issue new shares to you, nor an invitation for you to apply for new shares.

Thank you for your continued support of Webjet and I trust you understand the Company's position on this matter.

If you have any queries regarding the Retail Entitlement Offer, please contact your professional adviser or the Webjet Information Line on 1300 556 161 (within Australia) or +61 3 9415 4000 (from outside Australia) from 8.30am to 5.30pm (AEST) during the Retail Entitlement Offer period. For other questions, you should consult your broker, solicitor, accountant, financial adviser or other professional adviser.

Yours sincerely

Mr David Clarke
Chairman
