WebBeds: **\$117.1** million EBITDA

- Transformation strategy delivering to plan
- **Bookings, TTV, Revenue, EBITDA all ahead of pre-pandemic levels**
- **EBITDA 22% ahead of pre-pandemic levels; EBITDA margins 49.5%** (pre-pandemic: 42.4%)

Webjet OTA: **\$43.4** million EBITDA

- **Flights market share up 59%** since the pandemic began ⁽¹⁾
- **EBITDA margin 40.3%** (pre-pandemic: 40.7%)
- Return to pre-pandemic profitability will be driven by return of international airline capacity to 2019 levels

GoSee: **\$1.6** million EBITDA

- **\$4.6 million EBITDA improvement over FY22**; profitability continues to be impacted by lack of inbound tourism and supply chain issues impacting largest markets
- **Investing in people and technology** to pursue growth

NOTE: Unless otherwise stated, in this document all financials are for Underlying Operations and all comparisons are over the previous corresponding period (**pcp**). **CY19 (pre-Covid)** and **pre-pandemic** refers to the 12 months ending 31 December 2019 (i.e. preCovid) restated to align to 31 March year end, ie 1H19 being April 2019 to September 2019 and 2H19 being October 2019 to December 2019 plus January 2019 to March 2019.

WebBeds

Outperformed the market with strong organic growth.

FY23 - Trading.

- **Momentum continued to accelerate.** Significant organic growth and new client wins
 - **North America:** Maturing Merchant of Record solution drove spike in 4Q23 bookings; more than 50% TTV came from new clients; market-specific technology rolled out
 - **APAC:** last region to reopen but momentum picking up quickly; new client wins and higher share of wallet in 4Q23
 - **Europe:** More than 10% TTV from new clients; strong domestic growth in key markets
 - **MEA:** lower volumes reflecting tighter credit policies
- **Significantly outperforming the market since May 2022**
 - **WebBeds bookings have been ahead of pre pandemic levels since May 2022.** In contrast, IATA calculated the global air passenger market averaged 75.7% of pre pandemic levels for FY23 ⁽²⁾

Strong rebound in international.

FY23 - Trading.

- **Flight bookings continued to remain muted**
 - Significant demand but airline capacity yet to return to pre-pandemic levels
 - Ticket pricing continued to be significantly higher than pre-pandemic levels, impacting demand
 - Bookings data does not include bookings made using flight credits - we estimate a further 10-15% of bookings were made in FY23 using flight credits that are not included in flight booking numbers.
- **Domestic bookings**
 - Capacity reductions and widespread flight cancellations impacted domestic bookings from 2Q23
- **International bookings**
 - 2H23 Bookings reflect increasing capacity coming into the market – although capacity remains well below pre-pandemic levels

Brand strength outperformed the market.

Significant international runway.

- **Extended our lead as the #1 OTA** - significant market share gains since the pandemic began
- **Significant international runway to deliver market share growth**
 - Capacity remains well below pre-pandemic levels
 - Reduction of airline commissions has reduced the number of competitors in the market
- **Trip Ninja is a key building block to continuing international growth**
 - Trip Ninja went live in October 2022 and is delivering real price advantages for customers booking multi-stop international itineraries
 - Trip Ninja being rolled out across all international and domestic multi-stop trips
 - Future enhancement for multi-city dynamic packaging and virtual interlining capability will continue to build out the international value proposition

EBITDA continued to improve despite inbound tourism and supply chain challenges.

FY23 - GoSee.

- **Bookings, TTV and Revenue all up significantly over FY22 but remained below pre-pandemic levels** reflecting lack of inbound tourism into largest markets of Australia and New Zealand, as well as lack of supply (particularly Motorhomes) into major markets.
- **EBITDA continued to improve** (FY23 EBITDA up \$4.6 million over FY22) but **profitability is highly linked to return of inbound tourism, and international capacity remains constrained.**
- **Focusing on strategic priorities to ensure well placed to deliver growth** as soon as inbound tourism returns and supply levels are restored.
 - Improving **customer experience**
 - Expanding **partner relationships**
 - Investing in **people and technology** to deliver growth

Our strategic priorities

Improve underlying business performance.

World class customer experience.

Thriving partner relationships.

Aligning the business to value drivers.
